

Global Drainage Basin Database Terms and Conditions of Use

As of July 11, 2007

Users must read the terms and conditions of use (hereinafter referred to as the “Terms”) before downloading the Global Drainage Basin Database (hereinafter referred to as the “Database”).

The Center for Global Environmental Research (hereinafter referred to as “CGER”) at the National Institute for Environmental Studies provides this software for your use under the following Terms.

1. Intellectual Property Rights

The Database is the copyrighted work of Yuji Masutomi, Yusuke Inui, Kiyoshi Takahashi, Yuzuru Matsuoka (these four individuals are hereinafter referred to as the “Developers”) and CGER.

2. Citation and Reprinting

If the Database or any altered version of the Database is used to obtain results that are published in documents or research papers, the use of the Database must be cited in the following way in the publication.

Yuji Masutomi, Yusuke Inui, Kiyoshi Takahashi, and Yuzuru Matsuoka (2007) Development of highly accurate global polygonal drainage basin data. Submitted to Hydrological Processes.

3. Terms of Use

- a. The user is granted the right to use the Database for non-profit, research, or educational purposes and not for any commercial purposes.
- b. The user agrees to abide by these Terms and the laws of copyright.
- c. The Database is for personal use only. Users are not authorized to reproduce (including copying to a file), distribute, assign, lend, sell, or transfer any data obtained from the Database to a third party in any other way.

4. Disclaimer

- a. In no event shall the Developers or CGER be liable for any damages suffered by the user or any third party resulting from the use of the Database.
- b. In no event shall the Developers or CGER be liable for any damages suffered by the user resulting from downloading the Database.

5. Miscellaneous

- a. These Terms are subject to change without notification.
- b. These Terms are subject to the laws of Japan.
- c. The Tokyo District Court is has jurisdiction over these Terms.
